Thank you to our gold sponsors!

The first RAIN Alliance Meeting of 2022 will be held virtually on March 1st and 3rd. Designed by our community for our community, this event will be devoted to the content and topics arising from RAIN members and the industry at large.

New this year, this event will be hosted on a new, more accessible virtual event platform, allowing attendees to connect through educational sessions, interactive roundtable discussions, live chat and networking opportunities to develop more meaningful connections in a virtual environment.

This event will run two days, with one day accommodating the Americas/EU time zone, and one day accommodating the Asia-Pacific time zones. While participants are welcome to attend both days, recorded content will be available to all participants post-event. Each day will have unique content.
